Now comes Plaintiff, Ezequiel Fernandez, individually and on behalf of his minor children EF and EZF, by and through undersigned counsel, and show unto this Court as follows:

**INTRODUCTION**

1. On April 16, 2022, two groups of unsupervised juveniles strolled through the Columbiana Centre Mall uninhibited by mall or security personnel.
2. One of these groups made its way toward the food court where they began causing a disturbance.
3. Despite the group being known to the mall as regular troublemakers, neither mall security nor the police department were contacted about them.
4. A short while later, a verbal altercation took place between juveniles in the food court of Columbiana Centre Mall. Once again, they were left unchecked by mall and security personnel.
5. The altercation escalated when both groups pulled guns out of their clothing and began shooting at each other.

6. Plaintiffs had parked at the main entrance to Columbiana Centre Mall by the Dave & Buster's.

7. As EZF and EF were walking through the mall, they heard popping noises, recognizing gun shots, and dove toward a store.

8. EZF, an innocent victim, was struck by a bullet in her leg.

9. EF, an innocent victim, was struck by two bullets: one in his left arm and one in his calf.

10. At all times relevant, Defendants Brookfield Properties Retail, Inc., and Andy Frain Services, Inc., owed Plaintiffs a duty of care to keep the premises of Columbiana Centre Mall safe and secure.

11. Plaintiffs' injuries are the direct and proximate result of Defendants' breaches of the duties owed to them.

39. Including and in addition to the above, the City of Columbia police department has over 100 incident reports regarding violent crimes occurring at the Columbiana Centre Mall over the last five years.

40. Despite repeated, ongoing, and consistent violent incidents, Defendants have not adequately addressed the longstanding crime and safety issues.

41. Defendants allow unsupervised juveniles to loiter in the mall, including repeat offenders of crimes committed at Columbiana Centre Mall.

42. Employees of the mall, prior to the April 16, 2022 shooting, have repeatedly seen violent incidents, including firearm possession and brandishing.

43. In light of these ongoing issues, changes in security and safety by Defendants, if any, have been grossly inadequate.

## **B. Customer Reviews**

44. The above mounting incidents were not lost on Defendants. Defendants' own customer reviews warn:

- a. **3 years ago**: "This place needs better security. My husband's vehicle got broken into [sic] in the d&b parking lot. Praise god he didn't want up on them when they were

spilling his drink and stealing some change. This mall isn't safe anymore. If I didn't CC I would never go back. Put your kids on a leash too because my girlfriend said a stranger tried to snatch up her 3 year old. The security and cops are a joke at this place."

- b. **6 years ago**: "Lots of people just hanging out and not shopping. The mall security is good for a laugh. Poorly managed. Over priced crappy stores. Malls are dying for a reason. Avoid this place. You are better off flushing your money down the commode."
- c. **4 years ago**: "This place is terrible. There is a variety of shops, but Dave and Buster's has really made this place go downhill. Also mall is not safe, due to increase in predators."
- d. **4 years ago**: "Someone stolen my bag and took al money..and security's person not support us [] [] after many requests thy didn't do anything."
- e. **4 years ago**: "This area has really gone down hill. Didn't feel safe in the parking lot at all or leaving my car there."
- f. **2 years ago**: "A bunch of teenagers everywhere. And no social distancing. Too large of a crowd considering covid 19"
- g. **4 years ago**: "They have an only criminals can carry guns policy"
- h. **1 year and 10 months ago**: "The mall security is a joke"
- i. **3 years ago**: "Haven't went back since I heard a gunshot in the food court []"
- j. **5 years ago**: "Security is terrible don't ask for help you probably won't get it!"
- k. **5 years ago**: "To many young 'thugs' just hanging out."
- l. **4 years ago**: "# dark not safe!! Parking lot no lights!!!!"
- m. **6 years ago**: "Bad place"
- n. **1 year and 5 month ago**: "Used to love the mall, sad its going downhill."
- o. **1 year and 9 months ago**: "Getting way to crowded, young and hood for my taste. I'd rather just shop Amazon or buy direct."
- p. **5 years ago**: "We got there and there was over 15 policemen around the food court. Heard they had three different fights in the last two hours of being there. This mall is becoming more and more dangerous. I read the news report of the hold up with a gun at the Victoria's Secret Last week. And its crazy"

- q. **3 years ago**: “Used to be a nice mall, but does not attract the best crowd these days. Once you start having multiple shooting scares, I’m out.”
- r. **6 years ago**: “I’d give more stars if security was worth anything but they are not. I had my shopping bag lifted unknowingly when I set it down for a moment. Security was a joke, he was an elderly man, he basically said there is nothing I can do, we don’t have any cameras. I’m thinking wait a minute in this day and age your telling me there are no cameras, he said yes that’s what I’m telling you. Sorry it happened but nothing I can do. Incident happened after 260 purchase at Sephora inside JcPenny’s. I was so ticket off and could have lost my cool if it wasn’t for my daughter being there. This mall not store made any effort to get back to me. It was in fact a store across the US that sent me a gift card. Thank you JcPenny in Chino, California, it was done by that manager just because she wanted to take some of the sting away. Columbiana mall needs security, cameras, and customer service training.”
- s. **2 years ago**: “The once vibrant mall is waning. I don’t feel safe in that area anymore.”
- t. **5 years ago**: “It was a great place to shop, but watch your back these days.”
- u. **3 years ago**: “Starting to get ghetto/trashy. Not safe to be at when it gets dark.”
- v. **4 years ago**: “Pure chaos”
- w. **May 31, 2017**: Women, be careful when using the restroom. I went to he women’s restroom and a man was coming out of a stall. He claimed that he just really needed to use the restroom. The men’s restroom was not closed, nor was there a line. He walked creepily past me and went toward the men’s restroom. I walked straight out. I know was in there looking at the women that were using the toilet. Sad thing is that there are no security cameras to keep him from doing this again. I will never return.”
- x. **December 2, 2017**: “I used to enjoy this mall and area but I must say things have changed here significantly. It is not the cleanest, the store selection is somewhat limited, and the environment does not appear as safe as it once was. I was out here on Black Friday to shop and there were some things happening that didn’t make me feel very safe. Crime has significantly increased here and in the general area as well. There were a number of police officers and security members but needless to say, I got what I needed and left as soon as possible.”

#### **WITNESS STATEMENTS REGARDING LACK OF SECURITY**

45. A current owner-operator of a kiosk in the Columbiana Centre Mall has been working at the mall for about ten years. This witness has observed fights between young people.

He described mall security as no different than it was prior to the February 2016 shooting. The witness described efforts to make the mall more secure stopped after the head of security moved away. The witness remembered the former head of security attempting to convince the mall to install surveillance cameras for approximately three years.

46. A frequent patron of Columbiana Centre Mall over the past few years explained that she stopped going to the mall at night, describing the mall as unsafe.

47. The uncle of one of the shooters on April 16, 2022, described reoccurring problems with young men and drugs and gun violence at the mall, including his nephew. The uncle described Columbiana Centre Mall as “dead.” He explained for that reason, the young men spend time at Columbiana Centre Mall. He further explained that the young men carry their guns and do not care about the security guards or police.

48. A frequent patron of Columbiana Centre Mall recalled growing up in Irmo, South Carolina. She described getting dropped off at Columbiana Centre Mall on the weekends to hangout. This witness explained that now she refuses to let her children go to the mall alone because it is not safe. This witness remembered the February 2016 shooting and described a lack of improvement in security since then. The witness expressed her belief that Columbiana Centre Mall allows loitering, and she does not believe adequate security measures have been implemented to protect her children.

49. A current employee working at a kiosk in Columbiana Centre Mall described the mall security as abysmal and terrible at best. She described security as lacking with guards that walk around all day looking like they do not want to be there. This witness has observed fights in the mall once every two weeks, people stealing merchandise from stores, men harassing women, and people loitering in the mall which she has reported to security. She recalled a group of young

men asking her if she thought one could beat up the other—and they squared off as is they were going to fight. This witness described multiple occasions where guns were brought into the mall: a woman accidentally shot herself rummaging through her bag; and a woman pulling a gun out and handing it to her son. Despite not seeing patrons with guns herself, this witness described hearing young people say things that suggest they are carrying a gun.

50. A seasonal employee who operates a kiosk in Columbiana Centre Mall every holiday season described mall security as “not the greatest” and lacking. The witness explained that there are three or four fights every season she works. The witness explained that no one has spoken to her about mall security, nor has anyone given her a phone number she can call for security. She further explained that it is hard to find a security guard, as she described that she rarely saw security guards patrolling the mall.

51. An employee who has worked at many stores at the Columbiana Centre Mall does not believe the security cameras in the mall are functional. This witness has been unable to get ahold of security in the past. She explained her belief that four security guards are on a shift at a time. Since she has worked at the mall, there have been no “active shooter” drills. Since the April 2022 shooting, there have been no communications from the Columbiana Centre Mall management or security office. The witness does not feel safe working at the mall.

52. A current employee at a store in Columbiana Centre Mall has observed security guards walking around, describing them as nonchalant and seeming as though they did not want to be at the mall.

53. A current employee at a store at the Columbiana Centre Mall described mall security as more formal and professional ten years ago when he started at the mall. Now, this witness described the security guards as failing to serve a function for the mall. Specifically, he

has noticed that physical altercations are more likely to occur at certain stores. This witness believes that the security guards are aware of this and are reluctant to physically remove people fighting from the mall. This witness explained his belief that two mall security cameras were broken because the police requested security footage from individual stores instead of getting footage from the mall security office. Despite there being a police station about a half mile from the mall, this witness explained that he does not see police officers patrolling the mall. This witness has also seen repeat offenders of crimes committed in Columbiana Centre Mall come back into the mall.

54. A witness who worked at Columbiana Centre Mall for 20 years explained that during her employment, security changed about every 3 years. This witness described a time when the mall did not have security cameras but had intentions of putting them in. She explained the room to be used for security camera monitoring was instead used as a storage room. The witness described weekends in the past where the mall had off-duty police officers patrolling the mall, and a police car parked at the entrance to the food court. The witness observed that security guards were not armed with guns.

55. A witness owned a boutique in Columbiana Centre Mall for about a year. She described that while she worked there, she never experienced any security-related drills.

56. A frequent patron at Columbiana Centre Mall explained she never saw a security guard in the 7 years she has shopped at the mall. This witness described a lack of lighting and her refusal to go to Columbiana Centre Mall at night-time.

57. A current employee of a kiosk located in Columbiana Centre described mall security as continuing to lack over the last few years working in the mall. At the start of her employment, the witness felt there was not much security. The witness felt the security guards

failed to serve any function in the mall, and when responding to incidents showed a lack of wanting to get involved, especially when guns are involved. The employee identified recent incidents of violence including: repeated physical altercations amongst guests, guest brandishing a firearm, and another patron killing herself with a weapon in just the last few years. The witness explained that mall management did not check on the witness or other workers following the April 16, 2022 shooting.

58. A witness who has been a frequent patron of Columbiana Centre Mall since it opened described the mall as continuing to get less safe over the years. This witness described not feeling safe when she went to the mall by herself. She recalled seeing security vehicles in the parking lot but rarely saw security guards inside the mall.

59. A witness who has been a patron of Columbiana Centre Mall for years described the security guards at the mall as worthless. She observed that the security guards appear to be too old to handle violent situations. This witness did not see security guards often but has observed some security guards driving around the parking lot.

60. A current employee at a store in Columbiana Centre Mall described mall security as “nothing.” This witness recalled seeing guards but stated that they were “lollygagging,” further explaining that it appeared to her that the security guards did not take their job seriously.

85. As a direct and proximate result of the negligence, carelessness, gross negligence, recklessness and departure from professional standards of care by the Defendants, Plaintiffs have suffered damages described herein, for which the Plaintiffs are entitled to recover actual and punitive damages.

86. Defendants had knowledge, both actual and constructive, of the need to properly maintain, secure, inspect, patrol and manage said premises, but failed to exercise ordinary care.

87. Defendants were negligent in failing to maintain, inspect, secure, patrol, and manage the premises, thereby creating an unreasonable risk of injury to lawful visitors, including minor Plaintiffs.

88. Defendants knew of or, with the exercise of due care for the safety of lawful visitors, should have known of the dangerous and hazardous conditions arising from criminal activity existing on the premises combined with the failure to maintain, inspect, secure, patrol, and manage the premises, and that said conditions were likely to result in serious injuries to lawful visitors, including Plaintiffs.

89. Defendants had actual and constructive knowledge of widespread dangerous, reckless or negligent activity existing on and around the premises prior to the subject incident.

90. Defendants had actual and constructive knowledge of the regular presence of unauthorized individuals and/or unaccompanied children, teens and juveniles on the premises, and knew or should have known that this presence created a dangerous environment on the premises.

91. Because Defendants had knowledge of or, in the exercise of reasonable care, should

have had knowledge of the dangerous environment of the premises, these Defendants are liable for the negligent supervision, hiring, training, and retention of their employees and for the entrustment of the premises to their partners, agents and employees.

92. Had Defendants exercised reasonable care in preventing or controlling the foreseeable criminal activity of third-parties, injury to minor Plaintiffs likely could have been prevented.

93. The aforementioned negligence detailed in the preceding paragraphs was a proximate cause of the injuries to minor Plaintiffs.

94. Defendants represented to the lawful visitors that the premises were properly maintained and reasonably safe.

95. Each of the foregoing tortious acts and omissions constitute an independent act of negligence on the part of these Defendants and one or more or all of the above stated acts and omissions was a proximate cause of the injuries to the minor Plaintiffs.

96. The injuries suffered by the Plaintiffs was the direct and proximate result of the acts and omissions of these Defendants. But for said acts and omissions, the Plaintiffs would not have been injured.
